ROOSEVELT SET ONLOCK-TYPE CANAL

Should Congress Pass a Bill for a Sea Level Canal, He Would Veto It.

STATEMENT AUTHORITATIVE.

He Approved the Littauer Amendment to \$25,000,000 Appropri-

Washington, June 15 .- If Congress should send a measure to President Roosevelt providing for the construction of a sea level canal on the Isthmus of Panama he would veto it. This statement is made by authority.

The introduction by Representative Littauer today of the amendment to the item in the sundry civil bill appropriating \$25,000,000 to continue the construction of the Panama canal, providing that no part of that sum shall be used in the construction of a sea evel canal, was done with the approval of the president.

The house today by a vote of 110 to 36 voted in favor of a lock canal across the 1sthmus of Panama, the amend-ment to this effect being presented by Representative Littauer of New York. With members of Congress siting the short steps in the aisles of the house, around the space in groups, the gallaries filled and with Mr. Bur-ton of Ohio, pointer in hand, discussing charts showing the difference between sea level and lock canal, the house presented every appearance of a class

Mr. Burton took position in front of the maps and called attention to the vital difference between the two types, remarking that were the topography understood it would be the very strongest argument for the lock level canal. He said if the banks would not cave, if large boats could go through without running against rocks at the sife and could be properly steered, then a sea level canal would be the enterprise which would be naturally preferred. "But such a canal, convenient for modern shipping and prospective shipping would in the judgment of those who have carefully studied the subject exhaust 20 years or more in building.

PSYCHICAL RESEARCH.

American Branch of the Society Has Dissolved.

Boston, June 16 .- It became known hast night that the American branch of the Society of Psychical Research, an organization with a membership of 8,000 in this country, has been dis-The society's headquarters in this city will be kept open until the first of next year. A new society has been formed in New York and will carry on the work of the defunct society, For some time the American branch society for psychical research has been on the verge of dissolution. Since the recent death of Prof. Richard S. Hodgson of Boston, the president of the society, Prof. William James of Harvard university, has been doing his utmost to keep the organization in ex-istence. Two reasons are advanced for the dissolution of the society, first, the interest taken by Prof. Hodgson in so-called "Piper phenomena" and sec ond, the unwillingness of the secre-tary, James H. Hyslop of New York to continue longer in office unless the sum of \$25,000 to further the work of the organization was forthcoming. garding Prof. Hodgson, it is cla by members of the society that the or-ganization suffered by the late presint's interest in studying the trances of Mrs. Leonora Piper, the trance me-

SENSATION DAY IN THE LE DOUX MURDER CASE.

Stockton, Cal., June 15.-This was a sensational day in the Le Doux murder trial. Under a battery fire of overruled objections, the prosecution is putting in testimony contradictory of the state-ments made by the accused to the officers after her arrest. At that time she declared that one Joe Miller had witnessed the death of McVicar and had put his body in the trunk. When the prosecution sought to show that there had been no such man as Joe Miller, the defense objected on the ground that the prosecution had already proved by that Joe Miller had committed the crime, and that any attempt to show to the contrary was an attempt on the part of the prosecution to contradict its wn evidence. Judge Nutter overruled

Joseph Healey, with whom the de-fendant spent all of the day following the murder in San Francisco, testified that she had told him that McVicar had died of miner's consumption at his home in Sonora; that his brother was present and had given her the deceased's watch and chain, and that the body had been shipped to his home in Cripple Creek, Colo. She also, according to Healey, told him that there was a trunk and a suit case at the Southern Pacific pas-senger station in Stockton, which she ranted him to take charge of, saying that she could trust nobody else as she

Healey gave his testimony with dramatic effect, and it caused quite a sen-sation in court. Much of his testimony tended to show that Joe Miller was a

A telegram from Mrs. Le Doux to Healey on the afternoon of the 24th, the day of the crime, in which she askin San Francisco upon the arrival of the afternoon train from Stockton, was

MAJ, DARWIN TO LECTURE.

Cambridge, Mass., June 16.-Major Leonard Darwin, son of the late Charles Datwin, and from 1892 to 1895 a member of the British parliament, has been appointed a lecturer on "Munico Ownership and Public Industries" "Municipal Harvard for the next academic year,

SOLDIER ACCIDENTALLY SHOT.

Leavenworth Kas., June 15 .- Private William F. Colvin, company C. Eighteenth infantry, stationed at Fort Leavenworth, was shot through the lower portion of the body and fatally wounded this afternoon by Private Earl A. Duval, same company, through the accidental discharge of an army rifle. The men were sentries guarding Duval's gun had been tampered with in the guardhouse, some

other sentry substituting a defective firing bolt for his, making it impos-sible to keep the gun cocked, without it being locked. The sentries slood up to return their charges to the guard-house when the rifle in Duval's hands discharged. Colvin's home is in Logansport, Ind.

COUNTRY'S VAUDEVILLE INTERESTS ARE MERGED.

New York, June 5.—Anyouncement was made here tonight of a merger of practically all the vaudeville interests in the country with one or two exceptions. All of the managers in the newly formed combination have signed an agreement whereby mutual protection is guaranteed to all and all future "invasions" of each other's territory are prohibited. The new arrangement goes into effect Sept. 1, next. The principals signing the agreement were B. F. Keith, F. F. Proctor, Chas. I. Hohl, George Castle, Morris Meyerfield, E. F. Albe, Martin Beck, George Middleton and Frank Pate. They represent theaters in New York, Chicago, New Or-leans, Denver, Omaha, St. Paul, Min-neapolis, Detroit, Rochester, Toronto, Pittsburg, Washington, all theaters on the Keith and Proctor circuits in the east and the orpheum circuits in the west. A feature of the merger is a new corporation to be called the United Booking office of America, with headquarters in New York and Chicago, Altogether 186 theaters stretching from Portland Me., to Los Angeles are in the new circuit.

OTTO OF BAVARIA.

Not Improbable That He May Be Deposed in Near Future.

Vienna, June 15.-In well informed quarters here it is considered probable that King Otto of Bavaria will be de-posed in the near future. During Prince Regent Luitpold's recent visit to Vienna he participated in a discussion in ending the absurdity of Bavaria being ruled in the name of an insane sovereign, and the Viennese court com-municated this view to the Bayartan government. Prince Lustport, it is understood, was assured that the German and Austrian courts approve the plan of making him king. A change is the Bavarian constitution, however, would be necessary before this could be dene, and it is doubtful if the coun-

try will assent to the project, King Otto, who was insane when he ascended the throne 20 years ago, has grown worse each year, and is now livnobody to approach him and his only nourishment is bread crumbs and dried fruit. He is in a frightful condition from neglect, which his physicians and custodians are unable to remedy because, according to monarchical condition, they are not permitted to

FIVE COMPLETE SKELETONS.

Of Pomo Indians Obtained by University of California.

Berkeley, Cal., June 15.-The expedition recently sent from the department of anthropology of the Univer-sity of California to Mendacino county for the purpose of obtaining the remains of the Pomo Indians formerly inhabiting that section, has returned with five complete skeletons, besides a number of partial remains and a large quantity of beads and other oblects which were buried with the dead. These are the first skulls or skeletons of the Pomo Indians in any museum in the world and will be of great importance in determining the racial qualities of the tribe and its physical relationship with the other Indians of

REPUBLICAN PARTY.

Philadelphia Council Appropriates \$5,000 for Golden Jubilee.

Philadelphit, June 15.-There was considerable stir in the city council today over an appropriation of \$5,000 for the entertainment of visitors to the golden jubilee of the Republican party The mayor's veto was sent in, but both branches passed the appropriation over it.

The golden jubilee will be held under ne auspices of the National League of Republican clubs, and will open Sunday with a memorial meeting for Abraham Lincoln in Musical Fund Hall, where, 50 years ago, the Republican party named John C. Fremont of Cal-ifornia as its first candidate for presiaddress. Monday the league will open its convention. The other jubilee meet. ings will be held and a parade take place Tuesday night.

"DR." THOS. WHITE GUILTY.

Baltimore, June 15 .- "Dr." Thomas Baltimore, June 18.—"Dr. Inomas White, who conducted a so-called "College" in this city in which be sold a "Higher correspondence course in spiritualism, magnetism, hypnotism and the white and black art." was found guilty today by a jury in the United States district court on a charge of freedulent use of the mais. fraudulent use of the mails,

A WESTERN WONDER.

There's a Hill at Browle, Tex., that's twice as big as last year. This wonder is W. L. Hill, who from a weight of 90 pounds has grown to over 180. He says: "I suffered with a terrible cough, and doctors gave me up to die of Consump-tion. I was reduced to 90 pounds, when I began taking Dr. King's New Discovery for Consumption, Coughs and Colds. Now, after taking 12 bottles, I have more than doubled in weight and am completely cured." Only sure Cough and Cold cure. Guaranteed by Z. C. Drug Store, Druggists, 112-114 So. Main St. 50c and \$1.00. Trial bottle free.

JUNE 16TH.

SIX BEST SELLING BOOKS

Record For May.

According to reports from the leading book sellers of the country, the six books which have sold best in the order of demand during the month are:

Silas Strong. Bacheller. 1.50
The Jungle. Sinclair 1.50
In addition to the above we have a

large stock of other popular books of the day.

It Takes Nerve

Everything depends upon your nerves. It is nerve force that causes the brain to direct the motion of your body; it is nerve force that causes your heart to pulsate, and send the blood through your veins; it is nerve force that causes your stomach to digest food, your kidneys to filter the blood, and the liver to secrete bile.

In fact, nerve force is the power that runs your body, so if you feel worn-out, irritable, nervous, cannot sleep, or eat well, have pain or misery anywhere, your nerves are weak, and your system rundown. To restore this vitality take Dr. Miles' Nervine which will strengthen and build up the nerves. You cannot be healthy without strong nerves. "For eighteen years Dr. Miles' Nervine and Anti-Pain Pills have been my close companions. Early in married life, while raising children, my nerves became all worn-out-could not sleep; had no appetite; indigestion very bad, and had such awful dizzy spella. Then I began using Dr. Miles' Nervine, and at once I began to improve, and soon found myself in perfect health."

MRS. S. L. YOUNG, 224 Pittsburg St., New Castle, Pa. Dr. Miles' Nervine Is sold by your

Dr. Miles' Nervine is sold by your druggist, who will guarantee that the first bottle will benefit. If it fails, he will refund your money. Miles Medical Co., Elkhart, Ind

DECISION CONCERNING WATER COMPANY RIGHTS.

St. Paul, June 15.-The United States circuit court of appeals filed decisions in two cases today, those of Edmund M. Fairfield and Stockton Heth vs the United States of America and the Omaha Water company vs the City of Oma-ha et al, the first being a case of con-tempt of court, arising from the second. Both come from the Nebraska district. In the spring of 1905 the City of Omaha, through its water board, attempted to reduce the meter rates for water in the city, the Omaha Water company being the company affected by the proposed change. It applied for injunction against the city, prohibiting it from putting the rates into effect, but the application was denied, whereupon suit was brought in the circuit court for the district of Nebraska on the ground that their franchise was a contract and according to federal law, could not be im-paired by legislation.

The court held that the clause in the constitution of Nebraska, prohibiting the state legislature from making any irrevocable grant applied in this and decided in favor of the city. The company then appealed to the circuit court of appeals on a writ of error.

The appellate court, in the opinion filed today and written by Judge Walter H. Sanborn, upheld the claim of the company, reversed the decision of the lower court and remanded the case to the lower court for further proceedings not inconsistent with the opin The other case arose when E.M. Fair-

field and Stockton Heth, employes of the water company, were ordered by the clerk of the court to produce the books of the company.

They did not produce the records, and were fined \$50 each and costs.
This was upheld by Judge Sanborn.

GOULD MUST PAY BIG FEES.

New York, June 16 .- By a decision rendered yesterday in the appellate division Sheriff Hays is entitled collect \$4.775 in poundage fees from George J. Gould. This decision reverses the order of Supreme Court Justice Fitzgerald, in which it was held that the sheriff was only entitled to about

Mr. Gould is one of three defendants in a suit brought by John S. Jones, an Ohio railroad man, to recover \$466,000 on an alleged contract by which Jones agreed to purchase for Gould, Joseph Ramsey, Jr., and Wil-liam E. Guy, who constituted the Little Kanawha syndicate, a large tract of coal land in Ohio. Jones alleges that he fulfilled his contract, but was unable to collect either his commis-sions on the purchase or his expenses. He got an attachment against George . Gould, and cash and securities val ued at several hunderd thousand dol-lars on deposit with the Mercantile Trust company were seized by the sheriff. Go released the levy by giving an undertaking in \$500,000 to secure Jones. Gould then demurred to paying the \$4,775 in poundage fees, and counsel for the sheriff appealed from Justice Fitzgerald's order, which

sustained Gould.*

Justice McLaughlin, for the court, says that where a levy is made the sheriff's right to poundage fees is absolute and the amount is fixed by statute. Hence Gould is not entitled to the return of his property until he pays the statutory fees in full.

DAVID HOBBS ARRAIGNED.

New York, June 16.-David Hobbs, a former customs inspector of the Canadian Pacific Railway company, arrived n this city June 7, was arraigned before United States Commissioner Alexander yesterday on the formal charge of perjury preferred by the British consul-general, Sir Percy Sanderson, After short hearing the case was adjourned until June 27.

Though Hobbs is accused by the Ca-nadian Pacific Railway company of hiding a shortage of \$50,000 in his accounts, the specific charge against him is defrauding the dominion government out of fees by making false sworn reports of the number of passengers exmined by him for customs at Montre-

FAST RIDING AT SAUCER TRACK

Every Event Develops Burst of Speed Of Highest Gear.

LAWSON AND HUME AT IT. =

They Win Events After Remarkable Show Of Sprinting and Staying Qualities.

Good fast riding was the order at the Salt Palace saucer last night, it started in the preliminary heats when Lawson made a wonderful ride from scratch, overhauling the bunch and winning his heat, continued through the amateur events when Hume unwound his speed levers for a beautiful ride to finish, and ended up junst right with Hume pulgging away in the pursuit race to convince the bunch that it was useless to try and wear him

The crowd was big again last night. It filled all the bleachers, and overflowed into the greensward below, where playful into the greensward below, where playful youngsters jumping and dancing to John Held's music suggested that the festival of the people in honor of warm summer evenings is coming to be within the confines of the big oval. How long it will last depends, of course, upon now considerate the management is of the public's pleasure, even in points that fail to run into nickels and dimes instanter, and how careful the same management is to maintain fair play among the riders.

TROUBLE IN MILE OPEN.

The last statement is important, because The last statement is important, because there was a general impression of 'foney' work last night. McFarland and Lawson have been suspected of teaming, to the detriment of the reputation of both, but the impression has not yet become tangible enough to seriously hurt. Last night it looked to the crowd as if Lawson was too big a man for the officials to dare to disqualify, and that Fogler got it instead, when Samuelson was fouled and forced to

disqualify, and that Fogler got it instead, when Samuelson was fouled and forced to the pavement off the saucer. The event was the mile open profess al. Half-way across the east face of the saucer McFarland came up from the rear, with Lawson on and Fogler on him, and Samuelson was slated as the victim of this tied down trio. He fought Lawson for place, however, and was crowded down. He then tried for Lawson's wheel, to replace Fogler, and was more than crowded down this time. It, perhaps, wasn't visible from the starting pozit, where most of the officials were standing but from the bleachers, especially the higher ones, it could be plainly seen. Fogler reached out and punched Sammy a good one in the ribs and got his disqualification.

Neither writers for the morning papers

qualification.

Neither writers for the morning papers today seemed to observe this, and one of them especially sounded a general alarm because Lawson was not disqualified with Fogler, and a large portion of the crowd, who had not noticed the particular offense of Fogler, joined in the impression. Samuelson was not slowed up perceptibly by the joit, but for all that he couldn't ride into the money and finished last.

IVER THE FEATURE.

The greatest ride of the evening was Iver Lawson's double sprint to a broken record in the second heat of the three-quarter-mile handleap. With a heart-breaking pace he started from the jump after a big field that was far ahead, and when he finally overhauled them, and had gone about a lap in slower time, the gong sent the men out for home, and Iver showed he had it in him to go again, winning by two lengths. The record he made was 1.22 2-5, trimming 2-5 of a second off Hollister's record of last August.

HUME A GAME LAD. The Australian pursuit race showed up Jack Hume in the best light of his elongated career. He started a plugging match for three after the race had thinned down to the determined ones, and it took seven minutes of just dogged riding to convince the others that riume was not to be overhauled. Berryessa and Giles were the other two parties to the deal, and after Beryessa landed Giles, Hume thanked him by sprinting into a winning. thanked him by sprinting into a winning

HEADY HARDY GETS HIS. The five-mile motor paced race between Downing and Munroe went to Downing, after he had followed half a lap behind Munroe for about four of the five miles. He ended up with a sprint that was something awful, but he held the pace in the way that has made Heady Hardy fam-
